About Us

Marsh Builders is a limited company established in 2015 in Nairobi, Kenya. With a solid background in civil engineering, building works, and construction, we aim to provide high-quality projects to both private and government institutions

Our frame of work includes building works, renovation, quality materials, labour and safety related compliance. Guided by our core values (Safety, Integrity & Teamwork) and our diverse team of experts, we are dedicated to ensuring that all our clients unique needs are met with efficiency and excellence.

At Marsh, we seek to create enduring legacies through architecture and bringing our clients vision to life.

Vision

To be a respectable building contractor, delivering beyond expectation, always.

Mission

To procure projects at competitive pricing, provide safe working conditions and deliver quality work within reasonable time frame.

What We Do

CONSTRUCTION & BUILDING WORKS

We deliver high-quality residential, commercial, and industrial building projects with a guarantee that each of them is meticulously constructed from start to finish.

CIVIL ENGINEERING

In matters civil engineering, we handle design, planning, and execution of infrastructural projects, which include but not limited to roads, bridges, water systems, and more, ensuring durable and sustainable solutions.

PROJECT MANAGEMENT & MATERIAL QUALITY MEASURE

We oversee all phases of building/construction projects, to ensure timely delivery within the budget and estimated time frames. In addition, we maintain quality and safety standards for both the site and materials used.

RENOVATION & REMODELLING

We upgrade, repurpose and transform existing structures by upgrading them into buildings with innovative renovation and remodelling solutions.

CONSULTANCY

We offer expert advice on construction and engineering, assisting with planning, design, and implementation to help clients achieve their goals.

Project Case Study

1

PROJECT OVERVIEW

Marsh Builders Ltd was contracted to construct a large commercial complex in a rapidly developing area of Nairobi. The project required high-quality finishes and efficient execution to meet the client's expectations within a strict timeline.

2

CHALLENGE

The construction site was located in a congested urban area, presenting logistical challenges and requiring careful planning to minimize disruption to the surrounding community. Coordinating multiple stakeholders and maintaining high standards of quality within the tight schedule added to the complexity.

3

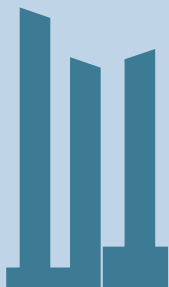

SOLUTION

Marsh Builders Ltd implemented a phased construction approach to efficiently manage the space and resources. They established clear communication with all stakeholders, conducted thorough planning, and maintained rigorous quality control throughout the project. This ensured the project was completed on time, within budget, and to the client's satisfaction.
